## About the Providers

### BABBAGE NET SCHOOL

[www.babbagenetschool.com](http://www.babbagenetschool.com)

Babbage Net School leverages the power of a personal computer paired with a self-paced program to provide the highest quality tutoring available. In addition to receiving a pre-installed customized laptop computer, each student is supported by accredited tutors from the National Tutoring Association (NTA) and our Homework Help Hotline. Our program is completely independent and requires no internet access. The tutor will oversee the instruction, evaluate and monitor student progress. Communication with parents and schools is an important aspect of the program. The instructional program consists of an instructional management system supported by standards-based assessment tools for grades 1-12.

### ROCKET LEARNING

[www.rocketlearning.net](http://www.rocketlearning.net)

Rocket Learning is a supplemental education services company that uses both technology and project based curriculum to directly address the needs of students. Our programs are held after school and FREE transportation is provided. Middle school students are instructed with the assistance of a Rocket Learning touch screen tablet, which they get to keep after successfully completing the program! We provide both Literacy and/or Math services to general education, special education, and ELL students. The math program focuses on helping students acquire mathematical reasoning abilities (problem solving, fractions, algebra, and measurement) and using those skills to solve real-world problems. Through our literacy program, students will enhance their ability to read and write while gradually developing a final project to present to parents and staff at the end of the program.

### SYLVAN LEARNING CENTER

[www.sylvanlearning.com](http://www.sylvanlearning.com)

Sylvan offers an internationally recognized program that provides the advantage of a personalized program for each student. Skill gaps are first identified through a diagnostic assessment, which provides details on the student's particular needs. This profile is then used to create a customized program that is delivered in our center by NY state/Sylvan dual certified teachers. The Sylvan program is designed to permanently fix the underlying problems so that the student has a solid academic foundation that is required for future success in school.

### LEARNER FIRST

[www.learnerfirst.org](http://www.learnerfirst.org)

Learner First's unique blend of Live Online or Face to Face Tutoring with unlimited access to an individualized learning path has enabled hundreds of students each year to improve their grades and build confidence they need to thrive. With Learner First, students receive:

Live Online Tutoring with the *same Certified Teacher* each week. Our tutors receive rigorous training on how to address student's individual needs and are certified in the area that they are tutoring in.

Unlimited Access 24 hours a day 7 days a week to their online Individualized Learning Path.

A proven diagnostic assessment that pinpoints a student's areas of need.

*The confidence to succeed!*

Come find out why parents are saying "my child was getting 40s and 50s in school and now they are getting 70s and 80s." And students are saying "I wish all my classes could be like this."

### ACADEMIC EXCELLENCE TUTORING SERVICES

[www.academicexcellencetutoring.com](http://www.academicexcellencetutoring.com)

Academic Excellence Tutoring Services will provide English Language Arts and Math instruction at the eligible schools and in students' homes. We utilize a direct instruction approach to learning and we only hire certified teacher. Our curriculum is research-based and has been proven effective. Our groups are comprised of 6 or less students. Services are offered Monday through Thursday after school for an hour and a half. We will provide transportation home. For students who require one on one instruction, we offer flexible hours during the week and the weekend in the students' homes.

### **PREFERRED TUTORING**

[www.preferredtutoring.com](http://www.preferredtutoring.com)

Preferred Tutoring Services provides the highest quality, small group tutoring in New York. Students that participate in our SES program exhibited statistically significant increases in both Language Arts and Mathematics on administered assessments. Based on our assessments, after an average of 35 hours of teaching, 75% of our students improved their score in reading, while 70% of our students improved their score in mathematics. Parents and teachers reported that our tutoring program has accelerated the academic achievement of their students significantly. In our program, there are no more than five students with our teacher. Our services are completely free to the parents and are offered on site at school after school hours. Our program will run three days a week for 1.5 or 2 hours each session for a total of 40 hours. We provide transportation from the after school program to the students' homes. A late bus that leaves at 5:00 p.m. or 5:30 p.m. is available for students who ride the bus. All of our instructors are highly qualified certified teachers from Middletown Schools. We tutor a diverse group of students, including main stream students, special education students and English language learners. We look forward to meeting you and tutoring your child.

### **SMARTIES TUTORING SERVICES**

[www.smartiestutoring.com](http://www.smartiestutoring.com)

Smarties Tutoring Services provides small group tutoring for after-school classes and summer programs. Our goal is to engage students in the learning process through innovative, dynamic programs designed to help children experience the joy of learning. We have a proven record of helping students improve their academic performance and test scores. Both literacy and math programs also offer an engaging online component. Our literacy program invites students to read hundreds of engaging and informative passages and become more fluent, learn more vocabulary words, and comprehend more about the world around them. In math, students practice their computational fluency and word problem solving skills. Through this online component, students served by our program are allowed the opportunity for monitored independent reading practice, both inside and outside of the classroom. Students are assessed initially for placement, with ongoing assessments and feedback.

### **ACHIEVE HIGHPOINTS**

[www.achieveses.com](http://www.achieveses.com)

Achieve HighPoints assesses strengths and weaknesses of each individual student and then builds a customized performance plan for the student. Our mission is to provide an excellent math education and the increased confidence that will come with it to help students attain their best possible results in math and in life. We provide a state-specific curriculum, diagnostic assessment, differentiated instruction, remediation, one-on-one tutoring, test preparation, and online access and detailed monthly progress reports for parents.

### **SATURDAY SCHOLARS**

[www.saturdayscholars.org](http://www.saturdayscholars.org)

Saturday Scholars is a precisely focused, after school tutoring program designed to make measurable improvements in removing learning obstacles, building phonemic awareness, alphabet knowledge, vocabulary, reading comprehension and language arts. Our mission is to build strong study habits, improve test scores and increase academic knowledge.

Our program uses a researched-based model that identifies strengths and weaknesses and moves on to develop individual education plans for each student. Tutors follow daily lesson plans and take the time to make sure each student is learning and time is provided to listen to student questions and feedback. Open communication is maintained between the parent, tutor and regular classroom teacher. Progress reports are sent home weekly.

### **CLUBZ! IN-HOME TUTORING**

[www.clubztutoring.com](http://www.clubztutoring.com)

ClubZ! In-Home Tutoring is based on an individualized, one-on-one tutor sessions. A variety of academic experts and organizations have researched and concluded that students excel when they receive this tailored instruction. Our tutoring promotes parental involvement enhancing the overall process. We have **PROVEN RESULTS!**
